Culinary Creations, private culinary classes in your home, are designed to suit the individual needs of the client. Numerous sample menus are available based on an average 4 servings. Also, a personalized menu can be designed to incorporate dishes you are interested in learning to prepare as well as the actual number of servings needed.

Once a date/time and menu are reserved, a complete grocery list will be e-mailed. Some items are invariably pantry staples, such as salt, flour and baking powder. As long as these items are fresh, there is no need to buy more! A list of tools and appliances will also be sent to ensure you have the necessary items on hand. If there is a particular item, such as a food processor, that you do not own, let us know to bring one for class.

A Culinary Creations class is generally expected to last 3-4 hours. Each dish is taught individually with extra time allowed for practicing kitchen skills and discussing variations on the dish. Recipes will be supplied for each student to take home.

Chef's Fee : \$130 for 1-2 students \$35 each for up to 2 more guests
